

Why Tina's Parrot Place

You get what you pay for:

- You can waste your money, risk your money or invest your money when buying a pet bird.
- You may pay more for a bird from the Parrot Place but look at all you will receive.
- We can sell you any type of parrot; we don't have to be prejudiced when we help you.

The Parrot Place will help you make a logical decision.

- By watching our video tapes you will learn the adult personality traits of several species of parrots.
- Our questionnaires will help you match a bird to your lifestyle.
- We will explain the responsibility you will have when you purchase one of these wonderful lifetime pets.

The value we add to your purchase.

- Upon the purchase of your bird we will provide you with a list of the proper nurturing dominance techniques you will need to know.
- A written list of proper care and feeding instructions.
- A one year limited warranty.
- A 24 hour emergency phone number.
- The right to call us as parrot behaviorists free of charge. For as long as you own the bird, we will help you maximize the birds potential and overcome any problems that may arise.
- We will set aside personal interest and help you sell the bird should the need arise.

The purchase of your bird is only the beginning of our relationship. Compare all of this to any breeder or pet store.

As to our credibility...

- You know who we are and where we live. You have been to our home and seen our facility.
- We are members of the nationwide Parrot Place Organization.
- If you are not happy with us for some reason, you can call Vicki Pierce, owner of the Parrot Place Organization.
- We take our reputation very seriously and our reputation depends on your satisfaction.
- Our ability to be in this business and grow depends on our satisfied customers.

When buying a parrot don't take chances thinking you may save money, "Don't Be Fooled".
